**BUSINESS.**

**EZTech**

TECHNOLOGY FOR HIGH PERFORMANCE MANAGEMENT

# Modular Solution

COMPLETE AND INTEGRATED

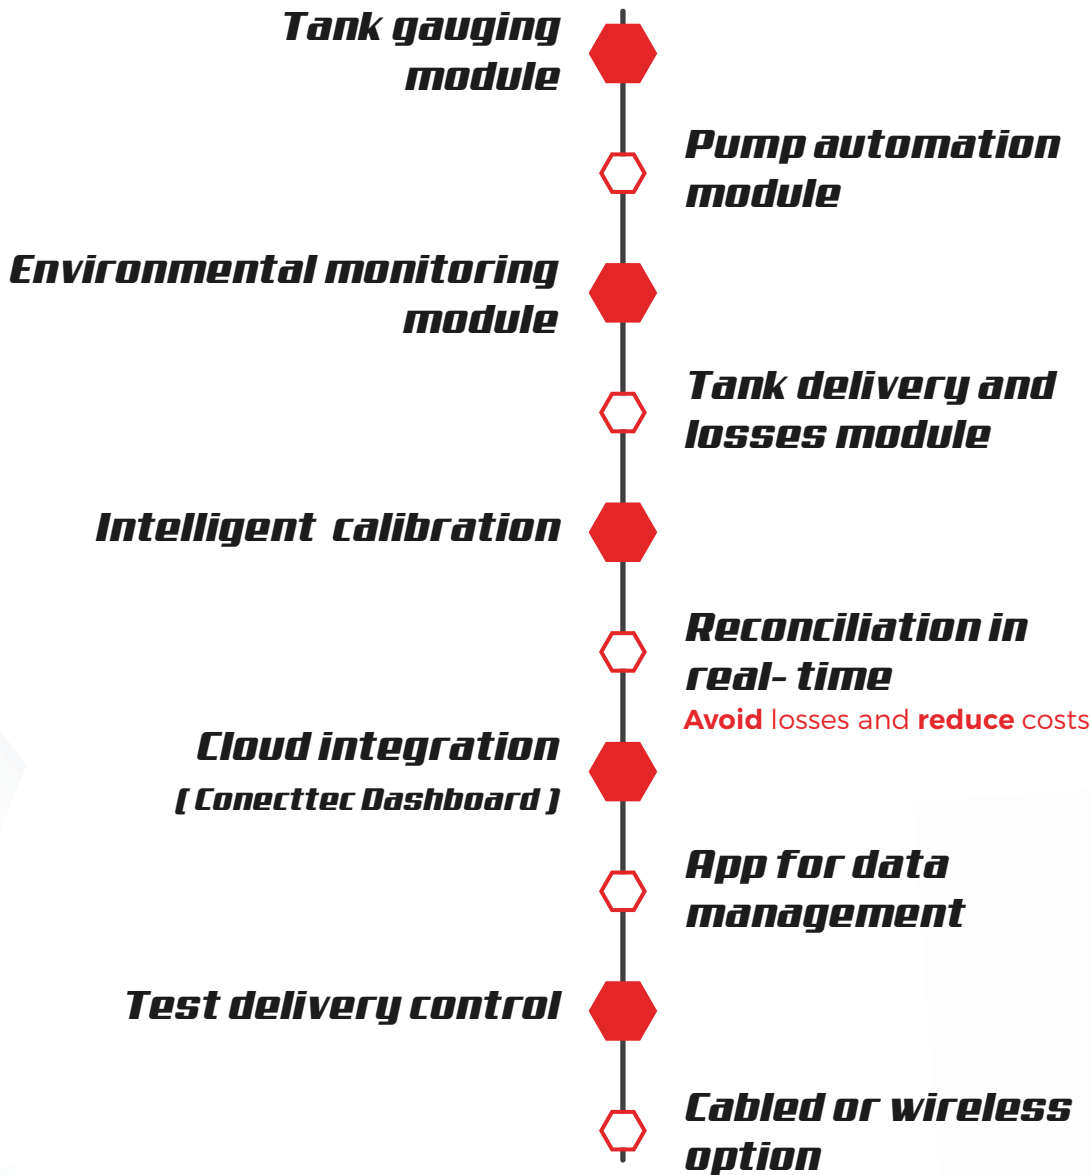

**EZTech** delivers a complete solution which facilitates the day to day management of gas-stations, providing improved control from fuel deliveries to sales.

Our technologies come in a modular format, to be acquired separately or as a whole package, each module being **100% integrated with the others**, ensuring valuable data for the day to day management of the gas-station and its staff.

# Vision Tank Gauging

COMPLETE AND INTEGRATED

**OBS:** Some of the functions listed above refer to the complete solution, which contains tank gauging, automation, environmental monitoring, cloud and cell phone based apps simultaneously.

## Technical Information

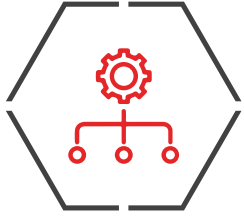

- Tcp/ IP protocol (Network)
- Touch Screen
- Windows Compact Embedded Server
- Controls up to 16 pumps (Cabled)
- Up to 12 probes per intrinsic barrier
- Up to 18 leak detectors per intrinsic barrier
